## Singing Hearts Choral Society of Southern New Jersey

It is my privilege to represent the Singing Hearts Choir...and I should like to tell you a little bit about the warm and talented people I have come to know these last years. We have someone in the choir who served in World War II and is always at rehearsal and always smiling. We have retired teachers, social workers, and a pediatrician who will be among our soloists tonight. We have two book authors ... many executives both retired and currently working...business owners ...a lawyer, CPA, and a financial analyst who has the voice of an angel as you will hear tonight.

You may not get to know all of them but you will see and hear their joy. And, so much of that joy comes from Julia and So our Choir Director and Accompanist. They are that infusion of joy and love you will hear in our music "TONIGHT"...

## Did You Know

Rizzieri Salons, Spa, and Schools are a third-generation family owned business engrained in the Southern New Jersey community. Their award-winning locations are in Moorestown, Voorhees, and Washington Township. Visionary Frank Rizzieri has won the most sought after hair award, known as NAHA which is the highest honor bestowed to a hairstylist in all of North America, the equivalent of an Oscar Award. Frank has won it three times. After years of styling hair for photo shoots, fashion shows, and celebrities, Frank Rizzieri wanted to create styles for which there were no tools available. This is the reason Frank co-invented R Session Pro Tools. Rizzieri is in the "make people feel good" business. Their facilities, reputation, and talented staff that excel in their craft, creates a one of a kind guest experience.

Words make you think.
